Sept / Oct Holidays

The 2528 Project is auspiced by Healthy Cities Illawarra and funded by Barnardo's, Communities for Children Shellharbour as part of their family support programme.

The aim of the project is to work together with community families to ensure they have access to positive, health promoting activity and safe, well designed places in which to spend their recreation time.

Activity programs are free (no charge) and open access, children are free to come and go as they please, the programme does not offer a childcare service. Children are expected to adhere to the group code of conduct to ensure that everybody has a wonderful play experience.

So that we can ensure children are safe in their behaviours and are kept up to date with information about the activities and school holiday programs and so that we have data to support on going funding requests we do need everyone joining in to complete a membership form with address and contact numbers.

This school holiday promises to offer some NEW and REALLY FUN activities that children will just love. We have been joined by Superfit Trainer Steve Cersbach and Creative Face Art artist Jen from Sunshine & Lollipops. We also have our favourites; T-ball with Penny and Kids Choice with your friendly team of volunteers.

The activities are weather permitting and run for the duration advertised where possible.

Volunteers Needed

The coordination & delivery of activities as part of the 2528 Project is supported by trained Volunteers, people with an interest in community health and children's activities.
